I left a voice message for the respondent on 5/15 and 5/27, followed up with an e-mail to explain the records we located with a simple search and to see if this information satisfied her needs. Ms. Gestring replied back by e-mail on 5/30, letting me know that it would be an acceptable final response.

I talked with requester at 2:15 on 4/10/14. During the conversation, I confirmed that the extension and the waiver had been recieved. I asked for clarification of the scope of material being requested. Ms. Gestring said that she was looking for letters, e-mails, petitions, resolutions or other similar documents received by EPA that express support or opposition for the EPA 404(c) process. The time period of interest was after the docket closed in 2013. In addition, I explained that I would be sending her the link to the online FOIA reading room and explained what she would find there. I also shared information on the publicly available information that can be viewed at FOIA online.
